

Welcome to Abiding Hope Pre-School and Kindergarten Summer Explorers!

It is time once again for summer explorers at Abiding Hope Pre-School and Kindergarten! We are proud to offer children a summer filled with adventure and fun where they can explore God's incredible blue planet and beyond. Children can come and discover the wonders of water, they will build, create, play, and let their minds run wild. Staff and children all have an extraordinary time as they celebrate and enjoy the lazy days of summer. It is an amazing experience to watch the children's imaginations blossom over the summer as they explore the depths of the ocean to the far reaches of the universe!

Our summer program focuses on learning through imaginative play and creation. The lesson designs are individualized for kids aged 18 months – 12 years old. This is a wonderful transition into our preschool for those who are preparing to attend in the fall. It is also an exceptional opportunity for older kids to meet new friends and have new experiences all while having fun! Our preschool and kindergarten teachers staff the summer camp; this is helpful for our first time campers as well as our alumni. The continuity of care is beneficial for the transition back to the school year as the children can anticipate whom they will be seeing on a day-to-day basis. It is also fun for staff to get to know the older siblings and spend time with students from previous years.

We offer weekly field trips for children aged 4.6 (and who have completed a pre-k class) – 12 years old. Field trips are offered on Tuesdays, Wednesdays and Thursdays. A Jefferson County school bus will transport from Abiding Hope to the destinations and back. Please review the summer calendar with field trip information for dates and locations.

We are offering in-house soccer again this summer. Happy Feet Soccer will be here on Monday mornings. All age groups participate in this activity.
