** All Plans Inclusive for Children with Special Needs

EMERGENCY RESPONSE PLAN

- We have developed general operating guidelines and procedures for a list of critical events and emergencies. This plan will not limit the use of experience, good judgment, commonsense, discretion, flexibility, and ingenuity to adapt to any type of critical event or emergency and the complexities which exist under emergency conditions.
- This plan defines emergency response operations such as communications plans, student release procedures, general emergency actions, and hazard-specific procedures. This plan will be reviewed by all preschool staff annually.

EMERGENCY COMMUNICATIONS

If an emergency occurs during preschool hours:

- Do not drive to the school unless it is safe to do so and/or you have been directed by the preschool director to pick up your child.
- It may be difficult to get through to the preschool via telephone because of damage to phone lines or cell phone tower outage. Staff will contact parents as soon as possible.
- Tune to news media for emergency instructions. In times of emergency, information about the status of schools is communicated through a variety of media.
- The preschool requests that parents do not call their child's school or the church office in times of emergency as it is important to keep phone lines free for emergency communications.
- Circumstances may prevent parents from picking up their children or may require that children be picked up at a location other than the preschool facility. The safety of children and staff is our first priority. Our second priority is the reunification of parents with their children.

Parents should check the following sources for information and status reports:

- Local media
- Their e-mail that is listed on file with the school

In times of emergency, general information will be shared with the community through major radio and television stations:

The staff of Abiding Hope Preschool and Kindergarten will strive to preserve and protect life, reduce emotional trauma, minimize personal injury, and cooperate with the local emergency preparedness agencies.

GOALS

The primary goals of this plan are to:

- Develop effective crisis and security plans that will promote the safety and welfare of students and preschool staff, protect preschool property, and regulate the operation of the preschool during a crisis incident, critical incident, or medical emergency.
- Prepare students and preschool staff to take appropriate actions in response to natural, technological, or preschool specific hazards.
- Provide parents with accessibility to the policies, guidelines and procedures we will be utilizing during an emergency.

Emergency Preparedness Inclusive for Children with Special Needs

Creating a healthy and safe environment for **all** children is a hallmark of inclusive child care. It is important to be prepared for emergencies in child care settings that enroll infants, toddlers, and children with disabilities because these children may be physically or developmentally unable to protect themselves. Children with special needs are especially vulnerable and will require special adult attention when disasters strike.

Pandemic Flu/Contagious Disease Plan

We will enforce illness exclusion policies for children and staff:

- Sick children and staff must stay home or will be sent home.
- Daily Morning Health Checks will be utilized in order to prevent illness.
- Illness logs will be kept by each teacher.
- School will be closed as necessary due to pandemic illness.
- Check preschool website, for notifications.
- Follow simple guidelines:
 - Keep Sick Children Home.
 - Use a tissue (or a sleeve, in a pinch) to catch a sneeze or cough.
 - Wash your hands often, particularly after using a tissue or helping a sick child.
 - Monitor local and state Public Health websites and other news media for current pandemic flu status information, recommendations, and instructions.
